## DECLARATION AND CONFIRMATION OF ZERO ASBESTOS PRODUCTS

(Implementation of SOLAS II-1, Regulation 3-5 and MSC.1/Circ.1379 SOLAS Chapter II-1, Regulation 3-5)

“As of 1 January 2011, for all ships, new installation of materials which contain asbestos shall be prohibited.” MSC.1/Circ.1379 “In the context of this regulation, new installation of materials containing asbestos means any new physical installation on board. Any material purchased prior to 1 January 2011 being kept in the ship's store or in the shipyard for a ship under construction, should not be permitted to be installed after 1 January 2011 as a working part.” Unified Interpretations SOLAS II-1, Regulation 3-5 1. Verification that “new installation of materials which contain asbestos” under SOLAS II- 1/3-5 is not made on ships requires the Recognized Organization to review zero asbestos declarations and supporting documentation, for the structure, machinery, electrical installations and equipment covered by the SOLAS Convention, which is to be provided to the Recognized Organization by shipyards, repair yards, and equipment manufacturers for: - new construction (keel laid, or at a similar stage of construction, on or after 1 July 2012); - conversions (contract date for the conversion or, in the absence of a contract, the date on which the work identifiable with the specific conversion begins) on or after 1 July 2012;

This document serves as a Declaration and Confirmation from PJ Circular Engineering A/S, that asbestos materials are not utilized in any assembly or sub-assembly component during the repair, service or manufacturing within our product lines in accordance with Annex 1

### ANNEX 1:
