ENVIRONMENTAL POLICY

PJ Circular Engineering A/S recognizes the importance of efficiently meeting the Danish and international standards in a proactive environmentally manner ensuring the health and safety of our clients, employees, and the public. The management and the employees at PJ Circular Engineering A/S are dedicated to continuously improving and optimizing our operations with the environment in accordance with our management system protocols.

- We will conduct our business in a manner that protects the environment and the health and safety of our clients, employees, and the public.
- We recognize and will be responsive to public concerns about our business segments and their effect on the environment.
- Health and the environment is our priority in daily business.
- We are committed to advise about overall emissions reduction possibilities and comply with IMO regulations concerning emissions.
- We will participate with government, province, and the public in creating responsible laws, regulations, and standards to benefit of our clients, employees, and the public.
- We will establish and maintain, in cooperation with authorities and others, contingency procedures and emergency response plans.
