PJ Circular Engineering A/S - Modern Slavery Policy

In accordance with the Modern Slavery Act 2015, PJCE is committed to a work environment that is free from human trafficking, forced labour and unlawful child labour (collectively “human trafficking and slavery”). It also strongly believes that it has a responsibility for promoting ethical and lawful employment practices.

Accordingly, PJCE will not knowingly use unlawful child labour or forced labour in any of the utilities and/or other commodities, products and/or services it provides, nor will it accept commodities, products and/or services from suppliers that employ or utilize child labour or forced labour.

Rationale

Human trafficking and slavery are crimes under UK and international law. These crimes exist in countries throughout the world. This policy statement thus defines PJCE’s commitment to ensuring that human trafficking and slavery does not exist within its own business, but also provides how PJCE will make efforts to eradicate the same from other businesses with whom it shall maintain a relationship (and especially from within its supply chain).

PJCE will take appropriate steps to ensure not only its own compliance but also that these requirements are followed by its suppliers, subcontractors and/or business partners (collectively by its “Suppliers”) worldwide.

All Supplies are therefore required to adhere to the following:

Definitions

Human Trafficking: the recruitment, transportation, transfer, harbouring or receipt of persons, through threats or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or a position of vulnerability or the giving or receiving of payments or benefits to achieve the consent of a person having control over another person for exploitation.

Forced Labour: all work or service, not voluntarily performed, that is obtained from an individual under the threat of force or penalty.

Harmful Child Labour: consists of the employment of children that is economically exploitative, or is likely to be hazardous to, or interfere with, the child’s education, or to be harmful to the child’s health, or physical, mental, spiritual, moral, or social development.
